7300 Airport Blvd. Houston, Texas U.S.A. 77061 · Phone (713) 222-0284 · Toll Free (800) 231-6906 · Fax: (713) 547-9502 · A TriMas Company

# Products

## Spiral Wound Gaskets

Styles: WR, WRI, WR-LC, WRI-LC, WR-AB, WRI-HTG, WRI-LP

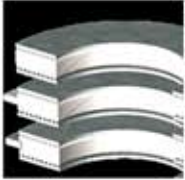

Typical Materials: 304, 316L, Monel, Exotic Materials, Graphite, PTFE, Mica for extreme temperatures

## Ring Type Joint Gaskets

A wide variety of metals available to suit API 6A and ASME B16.20 size/ratings  
Available in both oval and octagonal configurations  
Custom manufacturing capabilities

## Heat Exchanger Gaskets

Heat exchanger gaskets are designed for use in an exchanger and are available in a wide range of materials.

Styles: Solid Metal, Metal Jacketed, CMG & CMG-EX, Kammprofile

## Soft Gasket Material

Lamons Non-Asbestos and Hi Temp  
Klinger Thermoseal Non-Asbestos  
Sigma PTFE Sheet  
Flexible Graphite  
Self-adhesive Graphite Tape

## Fasteners

Full range of fasteners including:  
Studs & Nuts  
Machine Bolts, Cap Screws, U Bolts  
All grades of standard and specialty fasteners available  
Any coating or plating available

## Hose

Rubber and metal industrial hose  
Custom fabricated to meet customer specifications  
Full range of sizes and lengths available  
Gates, Unaflex, Peraflex, and Page International hoses

## High Performance Thread Lubricants

Available in two compounds:  
Molybdenum based (Moly B)  
Nickel based (Nickel 328)  
Available in two different sizes:  
8oz brush top can, 32oz can  
Can be sold individually or by the case  
Developed by Superior Plant Services

## Mechanical Packings and Expansion Joints

Sepco compression packing to handle temperatures to 1200°F, pressures to 5000psi and 0-14pH  
Unaflex rubber and metal expansion joints  
Full range of standard and custom styles and sizes available

# Services

## Localized Manufacturing and Service

Strategically Placed Branch Locations

## On site training

Seminars, Presentations, Installation Guides

## Qualified Engineering Assistance

Custom Gasket Designs, Application Recommendations

## Engineering Help Online

Loading Calculations, Technical Newsletter, Gasket Design, Gasket Drawings Online
